

# GF 20

## THE NEW AUTOMATIC PIPE CUTTING MACHINE WITH PLANETARY CUTTING TECHNOLOGY

### Technical data

Weight [kg]	500
Power [kW]	1.8
Built-in electronic speed regulation with speed stabilisation [rpm]	50 - 163
Versions	200-240 V, 50/60 Hz
Vibration level according to EN 28662, part 1 [m/s <sup>2</sup> ]	2,5
Noise level in the workplace approx. [dB (A)]	75

### Working range

Pipe OD [mm]	323 - 508
Pipe OD [inch]	12 - 20
Wall thickness, max. [mm]	15
Wall thickness, max. [inch]	0.59
Pipe materials	Steel, stainless steel, copper, cast, iron, aluminium, all plastics

Incl. lift table and AVM. Optional with pipe feeder and automatic lubrication system.
